

LANDIG

# LANDIG PROGRAM 2020

THE BEST FOR YOUR GAME

# WELCOME

## TO LANDIG & LAVA

### DEAR GAMEKEEPERS,

In the fast-paced world we find ourselves in today, moments of calm have become a rarity. Only us gamekeepers understand climbing up the steps to the hunting posts, going stalking or the enjoyment of a delicious stew after sitting game. It fills us all with the same feeling during the encounters and wonderful moments we experience when hunting. For this, we are truly grateful.

It is our passion that drives us to offer the best possible product experience every day. It is the total reliability and highest level of performance

that can only be achieved through meticulousness and quality work. It is our experience that has characterised our products since 1982. It is the rationale that we never lose sight of: **The very best for your game.**

Wishing you an excellent hunting season and lots of success,  
**Aaron, Christian und Manfred Landig**

From left to right: Christian, Aaron, Manfred Landig

The new head office

## GAME FRIDGES FROM THE MARKET LEADER

Rely on equipment from the No.1: work is even more enjoyable with the right gear. Thanks to its three patented LWS-Tronic, LaPlus and Turbosystem systems, Landig offers the very best refrigeration systems for your game.

**Precise temperature control** from **-5 bis +15 °C**. Supports the ageing process and is also ideal for freezing sausage meat. Low temperature fluctuations allowing long-term ageing and storage times. Can be used at low ambient temperatures.

**Fast cooling times** are crucial for wild boar. High-quality, tender game without shock-cooling, with **35% more cooling performance** (compared to 1st and 2nd generation). The empty unit reaches the desired temperature within minutes. The benefits speak for themselves.

**Sustainably supports the maturing process**, guarantees optimum air humidity, game no longer dries out on the outside. Even air flow and fast cooling, even when fully stocked. Can be used for shorter and longer periods.

**Super-saving – highly efficient** due to optimised cooling system – **approx. 10% less energy consumption**. The LU 4500 consumes only 0.6 kWh of electricity in 24 hrs. The larger LU 7000 and LU 9000 Premium models only consume marginally more.

For us, **guarantee & service** means: 2-year full warranty for all units. From experience, we know that Landig has an average lifespan of up to 20 years. Landig has a Europe-wide service network with **over 220 customer service centres**. Competent, reliable and on-site within 24 hours.

**Unpack, plug in, done** - time to get started! Landig game fridges are conveniently delivered on lift-ramp trucks and with telephone notifications. Your unit can be set up in virtually any location: game collection centre, garage, basement, shed etc. However, the unit should be protected against wind and weather.

# GAME COOLING EQUIPMENT

## THE CORRECT GAME COOLING AND MATURING

Whether for barbecuing, sausages or sous-vide cooking: game is versatile and has many positive characteristics. This is because wild animals experience less stress, which is evident from the taste. Less connective tissue structure means more tender meat, provided that it is allowed to mature after butchering. Without the right cooling and ageing, any piece of meat - whether game or not - will turn tough. This is because important enzymatic processes take place which make the muscle meat tasty for us.

### HANGING GAME CORRECTLY - HOW IT WORKS:

The game is butchered and adequately kept. Rigor mortis begins and the game now needs to be quickly cooled - **but how?**

- 1 Hang up the game by the hind legs using hooks.** This is the only way to protect the prize cuts such as the leg from contaminants and liquids. Any blood can now run off into the drip tray.
- 2 Always keep the refrigeration unit clean and remove any drips of blood (e.g. using Landig special cleaner).** This prevents any unwanted bacteria from forming that may cause the game to perish.
- 3 Insert hooks into the body/rind.** This prevents the game from drying out and keeps it tender in a natural way.
- 4 Hang the carcass in a well-ventilated area with nothing touching it.** For large cuts, the optional, central flex rail should be used with the LU 7000 or LU 9000 Premium.

# LU 4500®

## GAME FRIDGE

The **LU 4500®** is the ideal model for **2 roe deer** or **1 wild boar up to 85 kg**. With its approximately 435 litres usable capacity and the impressive internal height of 1695 mm, even larger animals can be

hung. Equipped with the LWS-Tronic® and the Turbosystem® the device reaches the desired temperature within a few minutes.

## FEATURES & ACCESSORIES

- TurboSystem of the 6th generation and powerful 600 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: -5 to +15 degrees
- Energy consumption: **only 0.6 Kwh** / 24 hrs.
- Fully automatic condensate evaporation
- Included: Flex game hanger (stainless steel) with 1 rail up to 150 kg
- Evaporator protection for ease of cleaning and protection of electrical components
- Optional: External loading bar – 800 mm length (Art.No. SA3046)
- Nominal voltage 230 V / Weight: 85 kg
- Lockable door
- Further accessories see page 11-13

## DIMENSIONS (H x W x D)

External: **1920 x 600 x 670 mm**  
Internal: **1695 x 505 x 490 mm**

Image shows LU 4500® with flex gambrel, drip tray and outer rail (surcharge applies).

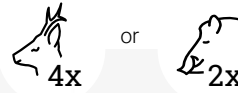

# LU 7000®

## GAME FRIDGE

The **LU 7000®** will comfortably hold up to **4 roe deer or 2 wild boar weighing up to 65 kg each**. The standard equipment features: External and internal silver metallic, cleaning sequence, stainless steel adjustable feet and flex gambrel with 2 rails for loads of up to 200 kg. New:

Antibacterial coating as standard to kill off germs and bacteria upon contact. The popular Landig "game crate" fits inside units of this size and above (see pages 10-11).

### FEATURES & ACCESSORIES

- TurboSystem of the 6th generation and powerful 740 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: -5 to +15 degrees (also ideal for freezing sausage meat)
- Energy consumption: only **1,1 Kwh** / 24 hrs.
- Fully automatic condensation evaporation
- Included: Flex game hanger (stainless steel) with 2 rails up to 200 kg
- Optional: loading bar system with additional middle track and 800 mm outer track (Art.No. SA3075)
- Optional: swivel castors for the unit (art.no. SR1010)
- Nominal voltage 230 V / Weight: 85 kg
- Further accessories see page 11-13

# LU 10000® PREMIUM

## GAME FRIDGE

The **LU 10000® Premium** is available with an internal height of 1930 mm and approx. 1250 litres of usable capacity. A real giant amongst the game fridges and perfectly equipped for all circumstances. Space

problems are a thing of the past. With an impressive 700 W convection chiller unit, it is able to reach the target temperature in a short time (approx. 20 min) when the interior is empty.

### FEATURES & ACCESSORIES

- TurboSystem of the 6th generation and powerful 700 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: 0 to +15 degrees
- Energy consumption: only **1.6 Kwh** / 24 hrs.
- Fully automatic condensation evaporation
- Drain hole for ease of cleaning at the bottom with hose connection
- Surface inside & outside: stainless steel
- Nominal voltage 230 V
- Including lock and high adjustable feet
- **Fits through any door: can be dismantled as standard**

### FURTHER OPTIONS

**Option 1: Stainless steel drip tray**  
(Art. No. SW1010)

**Option 2: Side mounted chiller unit**  
(Art. No. SG10010)

**Option 3: Fully foamed unit**  
(Art. No. SG10030)

with integrated side shelf supports, including 3 robust racks (not detachable).

### DIMENSIONS (HxWxD)

# HANGER SYSTEM

## HOOKS AND GAMBRELS

### STAINLESS STEEL S-HOOK

Quality - S-hook. Made of stainless steel. Available in many different sizes and weight classes.

Art. No.	Size in mm & load capacity
<b>Z44042</b>	140 x 5 / 45 kg
<b>Z44043</b>	160 x 6 / 60 kg
<b>Z44045</b>	180 x 7 / 90 kg
<b>Z44044</b>	160 x 8 / 100 kg
<b>Z44046</b>	200 x 9 / 125 kg

### STAINLESS STEEL SWIVEL HOOK

Quality - swivel hook. Made of stainless steel. Sturdy design with swivel joint in the middle. Ideal for hanging primals.

Art. No.	Size in mm & load capacity
<b>Z44054</b>	160 x 8 / 100 kg
<b>Z44055</b>	180 x 8 / 100 kg
<b>Z44050</b>	220 x 9 / 125 kg
<b>Z44051</b>	260 x 10 / 150 kg
<b>Z44052</b>	300 x 12 / 200 kg

### S-HOOK WITH RING

Ideal for easy pulling up with the winch, without the annoying hanging around as with normal S-hooks.

Art. No.	Size in mm & load capacity
<b>Z44049</b>	160 x 8 / 100 kg

### SWIVEL HOOK WITH RING

Rotatable and with ring, for easy pulling up with the winch, without the annoying rehanging as with normal swivel hooks.

Art. No.	Size in mm & load capacity
<b>Z44056</b>	220 x 9 / 125 kg

### MEAT HOOKS

High-quality meat and draw hook in sturdy design with ergonomic handle.

Art. No.

**Z44015**

### STAINLESS STEEL GAMBREL SMALL

Made of stainless steel. Dimensions: 380 x 150 mm. Loads up to 120 kg.

Art. No.

**Z44059**

### STAINLESS STEEL GAMBREL LARGE

Made of stainless steel. Dimensions: 610 x 250 mm. Loads up to 250 kg.

Art. No.

**Z44060**

### FLEX - GAMBREL XL

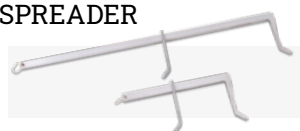

Extra large version: 80 cm length. Flexible hook spacing from 27 to 75 cm. Galvanised.

Art. No.

**Z44061**

### STAINLESS STEEL GAME SPREADER

For spreading the breast core or forelegs of hoofed game.

Art. No.	Execution
<b>Z66140</b>	20 cm for roe deer
<b>Z66142</b>	35 cm for fallow deer
<b>Z66141</b>	50 cm for wild boars

### COMPACT GAME SPREADER

Landig allround spreader in compact format made of stainless steel. With a length of 25 cm, it is primarily suitable for spreading the breast core of hoofed game. With integrated bottle opener.

Art. No.

**Z66145**

# ORIGINAL ACCESSORIES

## FOR GAME FRIDGES

Image shows example of use. Game not included in delivery.

## 1 WHOLE SLIDING SHELVES

For storage of meat, drinks and more. Shelves can be positioned at various heights and are removable. Load capacity: up to 40 kg / shelf.

Model	Art. No.
LU 4500	SR2046
LU 7000	SR2070
LU 9000*	SR2099

\*With LU 9000\* max. 3 grids possible.

## 2 HALF SLIDING SHELVES

Simultaneously hanging game and lying goods can be cooled.

Model	Art. No.
LU 4500	SH2046
LU 7000	SH2070
LU 9000*	SH2099

\*With LU 9000\* max. 3 grids possible.

## 3 SHELVES FOR SAUSAGES & HAM

2-in-1 rotatable grate: Sausage and ham loops as well as sausage pairs can be hung up directly by simply rotating the shelf.

<b>NEW</b>	Modell	Art. No.
	LU 4500	RS2046
	LU 7000	RS2070
	LU 9000*	RS2099

\*With LU 9000\* max. 3 grids possible.

## 4 GAME FRIDGE LIGHTING

Innovative LED lighting with motion sensor for self-assembly. Scope of delivery: 2 bulbs (sufficient for 1 fridge), charging cable, assembly kit and high-quality rechargeable battery.

**Can be assembled without tools. Now suitable for upgrading existing units!**

Art. No.

**Z33160**

**NEW**

## 5 LANDIG'S "GAME CRATE"

Stackable container made from food-safe polyethylene. Ideal for LU 7000 and larger. Includes 4 studded sections for attaching labels and grip holes on the long and short side. Dimensions (L x W x H): 598 x 398.5 x 201 mm, 40-litre capacity.

Art. No.

**Z33161**

**NEW**

Almage shows LU 9000 Premium with central and outer section.

## 6 FLEX GAME HANGER – HANGING RAIL SYSTEM

With up to 3 internal hanging rails per unit (available only in LU 7000 and LU 9000) it offers very flexible hanging options. Perfect for heavy game thanks to an 800 mm external loading bar, which can be attached to each of the 3 inner rails. **Legally protected system.**

Model	Art. No.	Beschreibung
LU 4500	SA3046	1 outer rail, 800 mm
LU 7000	SA3075	1 outer rail, 800 mm + 1 inner rail
LU 9000	SA3095	1 outer rail, 800 mm + 1 inner rail centred

## 7 ELECTRIC WINCH

Load capacity up to 200 kg. Dimensions (L x W x H) 340 x 130 x 200 mm. For ceiling or wall mounting. Including pulley.

Art. No.

**ZE4420**

## 8 LANDIG SPECIAL CLEANER

500 ml spray bottle. 100 % ecological. Effortlessly removes stubborn stains. The universal cleaner for your game fridge and game processing facility!

Art. No.

**Z33140**

**BEST  
SELLER**

## 9 SPECIAL CLEANER REFILL CANISTER

Practical **3 litre** refill canister. 100% ecological. Save money for every 500 ml of bottle filling!

Art. No.

**Z33147**

## 10 SWIVEL CASTORS

Suitable for LU 7000 and LU 9000 Premium. Four high-quality industrial lightweight castors, two of which are lockable. Delivery without assembly.

Art. No.

**SR1010**

# CHILLER UNITS & DOORS

## FOR COLD ROOM CONSTRUCTION AT HOME

**German-manufactured top-mounted and side-mounted chiller** unit and ready-to-use design. Unpack, plug in - done. A fully insulated cold store and a recessed section of wall or ceiling measuring around 35 x 40 cm for a maximum wall thickness of 20cm is required

### STAINLESS STEEL CHILLER UNIT FOR CEILING

if there is enough space above

- Cooling capacity from 450 W to 2000 W
- Electronic temperature control Temp. range: 0 to +15 °C
- Fully automatic condensate evaporation
- Voltage: 230 V
- Immediately ready for operation upon delivery

Model	Art. No.	Cooling chamber size*	Power
<b>LD 450</b>	A22010	to 3,5 m³	450 W

## CLEANING & LIFT SYSTEM

### HYGIENIC WALL STAINLESS STEEL

Five essential hygiene components in one set! Hygienically clean working is guaranteed here.

**The hygiene wall consists of the following elements:**

- A:** Back wall
  - 1** Back wall dimensions without knife sterilization (F): 900 x 800 mm
  - 2** Back wall dimensions with sterilization (F): 1100 x 800 mm
- B:** Washbasin with knee operation: 470 x 410 x 240 mm
- C:** Soap disinfectant dispenser: 113 x 87 x 296 mm
- D:** Towel dispenser: 275 x 130 x 330 mm
- E:** Litter bin: capacity 60 litres
- F:** Knife sterilization: delivery without knives

Art. No.	Version
<b>E22021</b>	without knife sterilization
<b>E22020</b>	with knife sterilization

### HAND WASH BASIN A2

- Basin size: 500 x 500 mm
- Integrated knee control
- Time-controlled, mechanical timer 7 sec.
- With tap and mixer valve
- Upstand: 100 mm

Art. No. \_\_\_\_\_  
**Z22059**

### ELECTRIC WINCH

- Load capacity up to 200 kg.
- Lifting height single pull: 11 m, lifting height double pull: 5.5 m.
- For ceiling or wall mounting.

Dimensions (L x W x H)  
 340 x 130 x 200 mm

Art. No. \_\_\_\_\_  
**ZE4420**

### THE "BUTCHER HOSE SET"

Super high-quality professional equipment. Industrial cleaning pistol with various setting options. Includes stable hose and connection piece R 3/4". Extremely pressure-resistant and long-lasting. Available in 2 lengths.

**Z55012**

### HANGING SCALE PREMIUM

Heavy-duty, indestructible black suspension scale in splash-proof metal housing. Great compact dimensions for flexible handling.

- Scaling: 50 g
- Weights **up to 150 kg**
- Illuminated display
- Delivery incl. shackle, batteries and fixing material

Art. No.  
**Z55017**

### DIGITAL TABLE SCALE

Quality digital scale (not calibratable) for up to **60 kg** with a scaling of 20 g. Display also suitable for wall mounting. With large stainless steel weighing surface. Batteries and power supply included.

Weighing surface: 310 x 300 mm

**BEST SELLER**

Art. No.  
**Z55038**

# PROCESSING

## PROCESSING GAME - BUT PROPERLY:

Minced game meat is for true gourmands and is versatile. Whether game-based sausages, spaghetti bolognese, game meatballs or burgers for the barbecue season with fellow hunters and family, there are virtually no limits when it comes to cooking game. In addition to its versatility, game has another key advantage: rarer cuts of game or those less popular with customers such as rack or shoulder, can be excellently processed.

Our tip: Always mince a little abdominal fat with wild boar or pig for juicier results.

## SAUSAGE STARTER PACK

Homemade tastes best. Start your own sausage production with a complete pack.

Art. No.	Description
Z66130	Pro-Star mincer
Z77026	3-litre sausage filler

## PROFESSIONAL SAUSAGE PACK

Become a professional sausage-maker in no time at all. Spoil yourself, your family, friends and fellow hunters with homemade game sausages.

# VACUUM PACKING

## PROFESSIONAL VACUUM PACKING EQUIPMENT:

Hygiene and efficiency is crucial when it comes to portioning and storing game. That's why the Lava vacuum device is your reliable and powerful partner in the game collection room.

**Multi award-winning:** Leading German hunting magazines\* (JÄGER, Wild & Hund, PIRSCH, Deutsche Jagdzeitung etc.) confirm the high quality of Lava with excellent ratings.

Added safety: The durable double or triple seam, unique in this price range, guarantees added safety without leakages and full sealed seams. For slightly added product moisture.

**Vacuum without compromise!**

## EASY TO USE:

**lava close lcs** Thanks to the patented LCS locking system, the vacuum hatch no longer needs to be held or locked in place during creation of the vacuum. Faster working time and easier to use.

## HIGH VACUUM:

**ltp lava turbo** Reliability for everyday use with the Lava-developed powerful, double ball piston pumps which achieve a vacuum of up to -0.96 bar.

★★★★★  
**VERY GOOD**  
4.93/5.00\*\*

Unpacked, vacuumed an entire wild boar right away (in small portions, naturally :-)) - the appliance with double welded seam does what it promises. You can make great-looking food that lasts a long time. Super system!

# PROFESSIONAL VACUUM SEALERS

## PREMIUM LINE - THE NO. 1 IN HUNTING SECTOR

### THE ORIGINAL FROM GERMANY:

As a family business from Southern Germany, sustainable production is our top priority. **No Far East production** as with almost 90 % of all competitors.

### TESTED SEVERAL TIMES:

No other brand in the field of vacuum sealers has been rated „**very good**“ as often as Lava in the past 8 years. We are proud of this.
