

# THE LANDIG RANGE 2021

THE BEST FOR YOUR GAME

# WELCOME

## TO LANDIG & LAVA

### DEAR GAMEKEEPERS,

As well as evoking memories of the hunt, wild game is our goal, our objective, our achievement and the reward for our efforts. As specialists in game processing, we at Landig have been supplying you for over 35 years with everything you need beyond the kill. Because the hunting experience doesn't end at the hunting ground.

The journey from forest to plate includes field dressing, cooling, ageing and butchering, through to vacuum-packing and processing, which makes a well-equipped facility essential. So we are delighted that we have been able to expand and optimise our range for you again this

year. Fulfilling our customers' needs always remains our top priority and we guarantee this with our high-quality products, technical competence and a service which covers the whole of Europe. You can look forward to our new line in high-performance mincers, the new freezer which comes with the LaPlus circulation system as standard and other products for your wild game.

Have a great hunting season and good luck!  
**Aaron, Christian and Manfred Landig.**

## GAME FRIDGES BY THE MARKET LEADER

Choose equipment that you can rely on from the market leader, because work is even more enjoyable with the right tools. Thanks to its three patented systems, LWS-Tronic, LaPlus and Turbosystem, Landig offers the very best in refrigeration systems for your game.

**LWS TRONIC** **Precise temperature control** from **-5 to +15 °C** supports the ageing process and is also ideal for freezing sausage meat. Minimal temperature fluctuations allow long ageing and storage times. Can be used at low ambient temperatures.

**TURBOSYSTEM** **Fast cooling times** are crucial for wild boar. High-quality, tender game without the need for shock-cooling, thanks to **35% more cooling efficiency** (compared to 1st and 2nd generation models). When empty, the unit reaches the desired temperature in minutes. The benefits speak for themselves.

**LaPlus** **Sustainably supports the maturing process**, guarantees optimum air humidity, prevents exterior dehydration. Even air flow and fast cooling, even when fully stocked. Can be used for short and long periods.

**Super-saving – highly efficient** due to optimised cooling system – **approx. 10% less energy consumption**. The LU 4500 consumes just 0.6 kWh of electricity in 24 hrs. The larger LU 7000 and LU 9000 Premium models only consume marginally more.

**For us, guarantee & service** means: 2-year full warranty on all units. From experience, we know that a Landig appliance has an average lifespan of up to 20 years. Landig has a Europe-wide service network with **over 220 customer service centres**. Competent, reliable and on-site within 24 hours.

**Unpack, plug in, done** - time to get started! Delivery of Landig game fridges is notified by telephone and they are conveniently delivered on lift-ramp trucks. Your appliance can be set up in virtually any location: game collection centre, garage, basement, shed etc. However, the unit should be protected from the wind and weather.

# GAME COOLING EQUIPMENT

## HOW TO COOL AND MATURE WILD GAME CORRECTLY

Whether for barbecuing, making sausages or cooking with sous vide, game is very versatile and has many benefits. This is because wild animals tend to be less stressed, which comes across in the flavour. Less connective tissues means a more tender meat, provided it is allowed to mature after being dressed. If it is not cooled and aged properly, any meat - whether wild or not - will be tough, because important enzymatic processes need to take place at this point which make the flesh more palatable.

### HOW TO HANG GAME CORRECTLY:

Dress the game and store it properly. Rigor mortis has started to set in and the game now needs to be cooled quickly - **but how?**

- 1 Use hooks to hang the game by its hind legs.** This is the only way to protect the prize cuts of meat, such as the legs, from contaminants and liquids. Any blood can now run off into the drip tray.
- 2 Always keep the refrigeration unit clean and remove any drips of blood (e.g. using Landig special cleaner).** This prevents any unwanted bacteria from forming that may cause the game to deteriorate.
- 3 Insert hooks into the coat/rind.** This is a natural way of preventing the game from drying out and keeping it tender.

## PROFESSIONAL UPRIGHT FREEZER LT 7500

With the new, high performance LT 7500, larger quantities of processed meat can easily be frozen. This professional appliance, with a gross capacity of around 485 litres, incorporates the LaPlus circulation system, which has been specially developed for deep freezing. The big advantage of this is that **you will never have to defrost your freezer again!** The integrated turbo system also ensures the goods are frozen quickly. With four sliding shelves as standard, a floor rack and 4 x "Landig's Game Boxes".

**> More details on page 7.**

# LU 4500®

## PROFESSIONAL GAME FRIDGE

The **LU 4500®** is the ideal model to **accommodate 2 roe deer or 1 wild boar of up to 85 kg**. With a capacity of around 435 litres and an impressive interior height of 1695mm, larger animals can also be hung

at full stretch. Equipped with the LWS-Tronic® and the TurboSystem®, the unit reaches the desired temperature in minutes.

### FEATURES & ACCESSORIES

- 6th generation TurboSystem and powerful 600 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: -5 to +15 degrees
- Energy consumption: **just 0.6 kWh** / 24 hrs.
- Fully automatic condensation removal
- Includes: Flex game hanger (stainless steel) with 1 rail up to 150 kg
- Evaporator protection for easy cleaning and protection of electrical components
- Optional: external loading bar – 800 mm length (product no. SA3046)
- Nominal voltage 230 V / weight: 85 kg
- Lockable door
- Further accessories see page 10-13

Free drip tray included

Flex game hanger included

Optional: slide-in shelves to separate your products

### DIMENSIONS (H x W x D)

External: **1920 x 600 x 670 mm**  
Internal: **1695 x 505 x 490 mm**

Product no.  
**SG4510**

+ free drip tray

Image shows LU 4500® with Flex gambrel, drip tray and outer rail (optional extra).

# LU 7000®

## PROFESSIONAL GAME FRIDGE

The **LU 7000®** will comfortably hold up to **4 roe deer or 2 wild boar weighing up to 65 kg each**. It comes with the following as standard: silver metallic interior and exterior, drainage hole, stainless steel adjustable feet and Flex gambrel with 2 rails for loads of up to 200 kg.

Antibacterial coating now included as standard to kill off germs and bacteria upon contact. The popular Landig "game crate" fits inside units from this size upwards (see pages 10-11).

### FEATURES & ACCESSORIES

- 6th generation TurboSystem and powerful 740 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: -5 to +15 degrees (also ideal for freezing sausage meat)
- Energy consumption: just **1.1 kWh** / 24 hrs.
- Fully automatic condensation removal
- Includes: Flex game hanger (stainless steel) with 2 rails up to 200 kg
- Optional: loading bar system with additional middle rail and 800 mm outer rail (product no. SA3075)
- Optional: swivel castors for the unit (product no. SR1010)
- Nominal voltage 230 V / Weight: 85 kg
- Further accessories see page 10-13

Free drip tray included

Flex game hanger included

Drainage hole with hose connector (bottom)

Antibacterial inner container with silver ions

### DIMENSIONS (H x W x D)

External: **1820 x 770 x 750 mm**  
Internal: **1520 x 660 x 580 mm**  
Without adjustable feet: **external height 1735 mm**

Product no.  
**SG7010**

+ free drip tray

# LU 9000® PREMIUM

## PROFESSIONAL GAME FRIDGE

The premium model for cooling game. With fully hygienic silver inner coating. Easy to clean, thanks to a sophisticated design. The **LU 9000® Premium** is particularly suitable for high numbers of wild boar. It offers plenty of space for up to **4 roe deer or 2 wild boar each weighing up to**

**75 kg.** Stainless steel adjustable feet and drainage hole at the bottom are included as standard. Practical, three-sided drip ledge to catch liquids.

### FEATURES & ACCESSORIES

- 6th generation TurboSystem and powerful 740 W cooling capacity
- With LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: -5 to +15 degrees (also ideal for freezing sausage meat)
- Energy consumption: just **1.2 Kwh** / 24 hrs.
- Fully automatic condensation removal
- Includes: Flex game hanger (stainless steel) with 2 rails up to 200 kg
- Optional: loading bar system with additional middle rail and 800 mm outer rail (product no. SA3075)
- Optional: swivel castors for the unit (product no. SR1010)
- Nominal voltage 230 V / weight: 98 kg
- Further accessories see page 10-13

Free drip tray included

Three-sided drip ledge to catch liquids

Drainage hole with hose connector (bottom)

Antibacterial inner container with silver ions

### DIMENSIONS (H x W x D)

External: **2020 x 770 x 750 mm**  
 Internal: **1740 x 675 x 585 mm**  
 Without adjustable feet: **external height 1935 mm**

# LT 7500

## PROFESSIONAL UPRIGHT FREEZER

The powerful LT 7500 can hold larger quantities of processed game weighing **up to approx. 135 kg**. This professional appliance, with a gross capacity of around 485 litres, incorporates the LaPlus circulation system, which has been specially developed for deep freezing.

The advantage for you is that you will **never have to defrost your freezer again!**

Four shelves, floor rack and 4 game boxes included.

### FEATURES & ACCESSORIES

- TurboSystem for fast freezing
- NoFrost system (no defrosting necessary)
- LaPlus circulation system for fast freezing
- Electronic LWS-Tronic control
- Temperature range: -14 to -28 degrees C
- Silver/grey interior and exterior
- Energy consumption: approx. 1.2 kWh/annum
- Energy efficiency class C / climate classification 5 (energy consumption calculation is based on commercial guidelines, please do not compare with household appliances)
- Includes: 4 x sliding shelves (load capacity 30 kg each), 1 x floor rack and 4 x game boxes
- Nominal voltage 230 V / weight: 100 kg
- Visual and audible alarm messages

Floor rack included

4 sliding shelves included

4 game boxes

### DIMENSIONS (H x W x D)

External: **1870 x 770 x 780 mm**  
 Gross/Net contents: **485 L / 325 L**  
 Without adjustable feet: **external height 1720 mm**

# LU 10000® PREMIUM

## PROFESSIONAL GAME FRIDGE

The **LU 10000® Premium** has an internal height of 1930 mm and capacity of approx. 1250 litres. A real giant amongst the game fridges and perfectly equipped for all eventualities. Insufficient space will be

a thing of the past. With an impressive 700 W convection chiller unit, it can reach target temperature very quickly (approx. 20 min) when empty.

### FEATURES & ACCESSORIES

- 6th generation TurboSystem and powerful 700 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: 0 to +15 degrees
- Energy consumption: just **1.6 Kwh** / 24 hrs.
- Fully automatic condensation removal
- Drainage hole for easy cleaning at the bottom, with hose connector
- Interior & exterior surface: stainless steel
- Nominal voltage 230 V
- Includes lock and raised adjustable feet
- **Fits through any door: supplied dismantled**

### FURTHER OPTIONS

**Option 1: Stainless steel drip tray**  
(product no. SW1010)

**Option 2: Side-mounted chiller unit, left or right**  
(left: product no. SG10000PL; right: product no. SG10000PR)

**Option 3: Unit with lateral rack supports**  
Specially designed and constructed from embossed sheet metal. Very easy to clean. Includes 3 sliding shelves. (N.B. this model cannot be dismantled).  
(product no. SG10000PA)

**Includes: stainless steel hanging rail system.**  
Internal rail length: 2 x 750 mm, external rail length: 1000 mm with a chain for fixing to the ceiling. Load capacity up to 250 kg / metre.

### DIMENSIONS (H x W x D)

External: **2400 x 900 x 900 mm**  
Internal: **1930 x 800 x 800 mm**  
Side-mounted chiller unit: **Height 2100 mm**

Product no.

**SG10000P**

+ free hanging rail system

Image shows LU 11000® Premium with top-mounted chiller unit, drip tray (optional extra) and hoist.

# LU 11000® PREMIUM

## PROFESSIONAL GAME FRIDGE

With an internal height of 2320 mm, the **LU 11000® Premium** offers enough space for both red deer and wild boar. The biggest Landig game fridge in the product range. It will even accommodate large animals

and they are easy enough to handle thanks to the integrated stainless steel hanging rail system. The powerful 700 W chiller unit enables the target temperature to be reached in next to no time.

### FEATURES & ACCESSORIES

- 6th generation TurboSystem and powerful 700 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control system
- Temperature range: 0 to +15 degrees
- Energy consumption: just **2.6 kWh** / 24 hrs.
- Fully automatic condensation removal
- Drainage hole at the bottom for easy cleaning, with hose connector
- Interior & exterior surface: stainless steel
- Nominal voltage 230 V
- Includes lock and raised adjustable feet
- **Fits through any door: supplied dismantled**

### FURTHER OPTIONS

**Option 1: Stainless steel drip tray**  
(product no. SW1010)

**Option 2: Side-mounted chiller unit, left or right**  
(left: product no. SG10000PL; right: product no. SG10000PR)

**Option 3: Stainless steel free-standing shelving system** with 4 shelving panels (depth 500 mm)  
(product no. SG10040)

**Includes: stainless steel hanging rail system.**  
Internal rail length: 2 x 750 mm, external rail length: 1000 mm with a chain for fixing to the ceiling. Load capacity up to 250 kg / meter.

### DIMENSIONS (H x W x D)

External: **2790 x 900 x 900 mm**  
Internal: **2320 x 800 x 800 mm**  
Side-mounted chiller unit: **Height 2490 mm**

# HANGING SYSTEM

## HOOKS & WALL BRACKET

### A STAINLESS STEEL S-HOOK

Quality S-hook. Made of stainless steel. Available in many different sizes and weights.

Product no.	Size / Width* in mm	Load capacity
Z44042	140 x 5 / 36	45 kg
Z44043	160 x 6 / 41	60 kg
Z44045	180 x 7 / 45	90 kg
Z44044	160 x 8 / 48	100 kg
Z44046	200 x 9 / 52	125 kg

### C STAINLESS STEEL S-HOOK WITH RING

Ideal for straightforward hoisting, without having to re-hang the animal, as is required with normal S-hooks.

Product no.	Size / Width* in mm	Load capacity
Z44049	160 x 8 / 48	100 kg

\*inside diameter = details the max. compatible rail diameter

### B STAINLESS STEEL SWIVEL HOOK

Quality swivel hook. Made of stainless steel. Sturdy design with swivel joint in the middle. Ideal for hanging primals.

Product no.	Size / Width* in mm	Load capacity
Z44054	160 x 8 / 40	100 kg
Z44055	180 x 8 / 48	100 kg
Z44050	220 x 9 / 50	125 kg
Z44051	260 x 10 / 57	150 kg
Z44052	300 x 12 / 62	200 kg

### D STAINLESS STEEL SWIVEL HOOK WITH RING

Rotatable and with ring, to make hoisting easier, without the annoying re-hanging as is required with normal swivel hooks.

Product no.	Size / Width* in mm	Load capacity
Z44056	220 x 9 / 50	125 kg

### E WALL BRACKET

Made from anodised aluminium. Load capacity up to 200 kg / m. Comes with wall bracket, rail and sliding hooks. Includes wall fittings. Available in various sizes and designs for mounting onto concrete walls.

Product no.	Width	Sliding hooks
E44050	1000 mm	4
E44051	1200 mm	5
E44052	1400 mm	6
E44053	1600 mm	7

# HANGING SYSTEM

## GAMBRELS & SPREADERS

### STAINLESS STEEL GAMBREL SMALL

Made of stainless steel. Dimensions: 380 x 150 mm. Loads up to 120 kg.

Product no.  
**Z44059**

### STAINLESS STEEL GAMBREL LARGE

Made of stainless steel. Dimensions: 610 x 250 mm. With welded stainless steel ring for mounting onto the ceiling or attaching to hoist (see page 12). Load capacity 250 kg.

Product no.  
**Z44060**

### FLEX - GAMBREL XL

Galvanised. Perfect for preparing carcasses. Extra large version: 80 cm length. Flexible hook spacing - ranging from 27 to 75 cm.

Product no.  
**Z44061**

### MEAT HOOK

High-quality drag hook in a stable design with ergonomic handle. Ideal for working with meat.

Product no.  
**Z44015**

### COMPACT GAME SPREADER

Landig all-round spreader, made of stainless steel and available in 2 compact sizes. At 20 cm or 25 cm long, it is primarily suitable for spreading the core of the breast on hoofed game. With integrated bottle opener\*.

Product no.	Size
Z66147	20 cm for roe deer
Z66145	25 cm for wild boars
Z66148	Set of 2 (25 cm & 35 cm)

Tip: using a spreader will increase air circulation in the chest cavity and achieve better results.

### CHEST SPREADER

For spreading the chest cavity. Adjustable with sliding friction arm. Stainless steel.

Product no.	Size
Z66140	20 cm for roe deer
Z66142	35 cm for fallow deer
Z66141	50 cm for wild boars
Z66143	Set of 3 (20 cm, 35 cm & 50 cm)

# ORIGINAL ACCESSORIES

## FOR GAME FRIDGES

Image shows example of use. Products not included in delivery.

### 1 FULL SLIDING SHELVES

For storage of meat, drinks and more. Shelves can be positioned at various heights and are removable. Load capacity: up to 40 kg / shelf.

Model	Product no.
LU 4500	SR2046
LU 7000	SR2070
LU 9000*	SR2099

\*LU 9000\* holds max. 3 grids.

### 2 HALF SLIDING SHELVES

Chill hung game and items on shelves at the same time.

Model	Product no.
LU 4500	SH2046
LU 7000	SH2070
LU 9000*	SH2099

\*LU 9000\* holds max. 6 grids.

### 3 SHELVES FOR SAUSAGE & HAM

2-in-1 rotatable rack. By rotating the rack, you can hang ham and sausage loops as well as sausage pairs.

Model	Product no.
LU 4500	RS2046
LU 7000	RS2070
LU 9000*	RS2099

\*LU 9000\* holds max. 6 grids.

### 4 GAME FRIDGE LIGHTING

Innovative LED lighting for installing yourself, with motion sensor. Includes: 1 bulb (sufficient for 1 fridge), charging cable, mounting kit and high-quality rechargeable battery.

*Can be installed without tools. Perfect for upgrading existing units.*

Product no.  
**Z33165**

### 5 GAME BOX

A stackable container made of food-safe polyethylene. Ideal for LU 7000 and larger models. Includes 4 textured label locations and grab holes on each side. Dimensions: (L x W x H) 598 x 398.5 x 201 mm, filling capacity 40 litres. *For lids and trolleys see page 20.*

Product no.  
**Z33161**

Stainless steel hanging apparatus

### 6 FLEX GAME HANGER – HANGING RAIL SYSTEM

With up to 3 internal hanging rails per unit (available only in LU 7000 and LU 9000), there are various flexible options on offer. Perfect for heavy game thanks to the 800 mm external loading bar, which can be attached to each of the 3 inner rails. **System protected by law.**

Model	Product no.	Description
LU 4500	SA3046	1 outer rail, 800 mm
LU 7000	SA3075	1 outer rail, 800 mm + 1 inner rail
LU 9000	SA3095	1 outer rail, 800 mm + 1 central inner rail

### 7 ELECTRIC WINCH

Load capacity of up to 200 kg. Dimensions: (LxWxH) 390 x 130 x 200 mm. For ceiling or wall mounting, including pulley. Voltage 230 V.

Product no.  
**ZE4420**

### 8 LANDIG SPECIAL CLEANER

500 ml spray bottle. 100 % ecological. Effortlessly removes stubborn stains. Universal cleaner for your game fridge and game processing facilities.

Product no.  
**Z33140**

### SPECIAL CLEANER REFILL CANISTER

Practical **3 litre refill canister**. 100 % ecological. Save money every time you refill your 500 ml bottle!

Product no.  
**Z33147**

### 9 SWIVEL CASTORS

Suitable for LU 7000 and LU 9000 Premium. Four high-quality industrial lightweight castors, two of which are lockable. Mounting is not included in delivery.

Product no.  
**SR1010**

# CHILLER UNITS & DOORS

## FOR BUILDING A COLD ROOM AT HOME

German-manufactured, top-mounted and side-mounted chiller unit, supplied ready-to-use. Unpack, plug in - done. A fully insulated cold room and a recessed section of wall or ceiling measuring around 35 x 40 cm with a maximum wall thickness of 20cm are all that are

required for a top-mounted or side-mounted solution. Decades of proven efficiency in cold room construction and prefabricated cold rooms. Landig - Quality from Germany. Evaporator integrated into the unit to maximise usage of the interior space.

### STAINLESS STEEL TOP-MOUNTED CHILLER UNIT

for when there is sufficient space above

- Cooling capacity from 450 W to 2000 W
- Electronic temperature control, temp. range: 0 to +15 °C
- Fully automatic condensation removal
- Voltage: 230 V
- Immediately ready for operation upon delivery

Model	Product no.	Cool room size*	Power
LD 450	A22010	up to 3.5 m <sup>3</sup>	450 W
LD 700	A22011	up to 8.0 m <sup>3</sup>	700 W

# DRY AGER® - THE NO.1 WORLDWIDE

## DRY AGED GAME

**DX 500 Premium** and **DX 1000 Premium**, two professional aging cabinets that set high standards. A timeless, modern design on the outside and sophisticated, high precision technology within. Where traditional craft meets high-tech.

The DRY AGER is not just for dry-aging beef at home, but is also **perfect for venison, ham and salami**. This appliance creates the ideal

maturing environment, with built-in sterilisation system.

The electronic control system, developed by Landig, guarantees a constant temperature of 0 to +25 degrees C, and humidity control of 60 to 90%, and all without needing a permanent water supply.

### DRY AGER® DX 1000 PREMIUM

- For up to 100 kg of meat
- Voltage: 230 V
- Stainless steel exterior and door
- Gross/net capacity: 495 / 435 Litre

#### DIMENSIONS (H x W x D)

External: **165.0 x 70.0 x 74.2 cm**  
Internal: **137.1 x 57.8 x 58.7 cm**

Product no.

## DH1001P

**Free Hunter's Kit:**  
1 x stainless steel gambrel, 1 x salting tub with contents,  
2 x sliding shelves and 2 x sausage shelves.

- For up to 20 kg of meat
- Voltage: 230 V
- Black exterior, stainless steel door
- Gross/net capacity: 155 / 134 Litre

#### DIMENSIONS (H x W x D)

External: **90.5 x 60.0 x 61.0 cm**  
Internal: **71.2 x 49.0 x 43.7 cm**

Product no.

## DH0500P

**Free Hunter's Kit:**  
1 x stainless steel gambrel, 1 x salting tub with contents,  
1 x sliding rack, 1 x sausage rack and 1 x floor rack

# BUTCHERY

## HOW TO BUTCHER GAME CORRECTLY

The carcass should be cared for properly after hunting. A clean shot, gutting, dressing and rinsing with drinking water are all necessary to allow the meat to age and cool perfectly.

Special tools make butchery much easier. A stainless steel work table, a good apron and cleaning utensils are needed to butcher the game carcass hygienically. Appropriate and well-sharpened knives are a must and a bone saw, cutting shears, butt out tool and other equipment can also be useful.

## BUTCHERY SET FOR JUNIOR HUNTERS

This complete set includes everything you need to start. High-quality tools make light work of processing your game.

Product no.

## Z33212

Product no.	Description
Z99055	Professional chopping board 50 x 40 x 2 cm (white)

# PROCESSING

## PROCESSING GAME - BUT PROPERLY:

Minced game meat is for true foodies and is highly versatile. Whether used to make game sausages, spaghetti bolognese, game meatballs or burgers for the barbecue season to share with fellow hunters and family, the sky is the limit when it comes to cooking game.

In addition to its versatility, minced game has another key advantage. The cuts which aren't used as often or those less popular with customers, such as rack or shoulder, are perfect for processing.

Our tip: always mince a little fat in with wild boar or pig for juicier results.

## SAUSAGE STARTER PACK

# MEAT PROCESSING

## ACCESSORIES

### PROFESSIONAL BURGER PRESS

This stainless steel burger press, with ejection button, helps to make perfectly shaped burger in the blink of an eye. Also ideal for making salami burgers. Can be dismantle and cleaned in the dishwasher. Made in Germany. Internal width: 110 mm.

Product no.  
**Z01048**

Perfectly shaped burgers for your homemade game creations.

### MIXING TUB

Stackable, hygienic, freezer-safe container for use in processing and storing meat and sausage products. With a handy rim around the edges and smooth, non-slip surface. Heat-resistant over long periods of time, up to +40 °C.

Product no.	Model
<b>Z33190</b>	4 litres: 34 x 24 x 9 cm
<b>Z33191</b>	6 litres: 39 x 28 x 10 cm
<b>Z33192</b>	9 litres: 45 x 31 x 12 cm
<b>Z33193</b>	17 litres: 52 x 36 x 16 cm
<b>Z33194</b>	Set of 4 (all sizes) plus free scraper

### LARDING NEEDLE

Ideal for use with sausage twine, to tie ham, beef or any meat joint. Stainless steel construction with ergonomic shaped handle. 20cm long needle.

Product no.  
**Z01047**

### SAUSAGE TWINE

Tear-proof, food-safe sausage twine from natural, ecological fibre for tying, trussing and binding food. **Tip:** use a different coloured twine on different types of sausage to tell them apart.

Product no.	Colour
<b>Z01040</b>	natural
<b>Z01041</b>	red
<b>Z01042</b>	red/white
<b>Z01043</b>	blue/white

### SCRAPER

Our flexible, food-safe scraper can be used for preparing meat or cleaning work surfaces. With two rounded corners and two pointed. Dimensions: 127 x 87 x 1.3 mm

Product no.  
**Z01049**

### ROASTING NET ROLL

Food-safe, white, 12 x polyester cooking/roasting nets, for a 90 mm retractable tube (model 167/4). Temperatures of up to 220 degrees C. Length 50 m

Product no.  
**Z01046**

# VACUUM PACKING

## PROFESSIONAL VACUUM PACKING EQUIPMENT

Hygiene and efficiency are crucial when it comes to portioning and storing game. This is why the Lava vacuum packing machine is the ideal device to work with.

**Multi award-winning** - leading German hunting magazines\* (JÄGER, Wild & Hund, PIRSCH, Deutsche Jagdzeitung etc.) all rate Lava very highly in terms of quality.

Extra safe - a double or triple seam, which is made to last and unique in this price range, guarantees fully sealed seams to prevent leaks. Even if the contents include a little more liquid.

**Vacuum without compromise!**

### EASY TO USE:

**lava close lcs** The patented LCS sealing system means the vacuum hatch no longer needs to be held or clicked into place while creating the vacuum. This makes the process faster and easier.

### HIGH VACUUM:

**ltp lava turbo** Reliable even when used every day. The powerful, double ball piston pumps developed by Lava achieve a vacuum of up to -0.96 bar.

★★★★★  
**VERY GOOD**  
4.92/5.00\*\*

2 months ago

Unpacked, vacuumed an entire wild boar right away (in small portions, naturally :-)) - the appliance with double welded seam does what it promises. You can make great-looking food that lasts a long time. Super system!

Verified review |

### HUNTER MIXED SIZE SET

Our best-selling vacuum pouch sizes together in one set. Whether you're dealing with the leg of a wild boar, a saddle of venison or a duck breast, you'll always have the right pouch size to hand.

## THE ORIGINAL FROM GERMANY

As a family business from Southern Germany, we make sustainable production our top priority. **No manufacturing in the Far East** as is the case for almost 90 % of our competitors.

## DURABILITY & TOP QUALITY

Up to **5-year warranty** on the complete vacuum device and **NEW: 25-year warranty on our vacuum pump**. As a manufacturer, Lava stands 100 % behind its own product.

## TESTED MULTIPLE TIMES

No other brand of vacuum sealers has been rated **"very good"** as often as Lava in the past 8 years. We are so proud of this.

## LAVA TURBO PUMP SYSTEM (LTP):

Powerful performance that never stops - a Lava vacuum pump just runs and runs, never letting you down. With a maximum possible vacuum of -0.97 bar (V.500). No plastic bearings, no worn out, irreparable pumps. **Lava relies on quality that lasts.**
