## CATALOGUE 2023

Quality since 1982 - The best for your game

# LANDIG – QUALITY SINCE 1982

The best for your game

**Dear Hunters,**  
Game is something very special. Some would even say something sacred. We don't want to exaggerate. In any case, game is one of the highest quality foods around. That is why sustainability for us also means respect for every piece of game. A dose of humility helps when dealing with the hunted game. Respect is appropriate for your own production of game delicacies. Expertise is also required. In addition, the right tool is a basic requirement for processing and using the game perfectly.

As a family business, we have been taking care of just that since 1982

with passion and a spirit of innovation: The best for your game on its path from the forest to the plate. The quality of our products is important to us. Also this year we have included some new products for you. In the new annual catalogue, you can find out everything about the four pillars of perfect game preparation: 1. Cooling & maturing; 2. Butchering; 3. Processing; 4. Vacuum sealing.

Have fun browsing, have a great hunting year and **Aaron, Andreas, Christian and Manfred Landig** wish you successful hunting!

From left to right: Christian, Andreas, Manfred & Aaron Landig

## COOLING AND AGING GAME

The right game cooling and aging

Whether for barbecuing, sausages or sous-vide cooking – game is versatile and has many positive characteristics. This is because wild animals experience less stress, which is evident from the taste. Less connective tissue structure means more tender meat, provided that it is allowed to mature after butchering. Without the right cooling and aging, any piece of meat, whether game or not, will become tough. This is because important enzymatic processes take place which make the muscle meat tasty for us.

EXPERIENCE THE LANDIG LU 9000 PREMIUM IN ACTION!

**Rouven Kreienmeier**  
Hunter and hunt filmmaker “Hunting NRW”

“The **LU 9000 Premium** has professionalised our game processing and made it independent. We can hunt when we want. Without the constant thought and time pressure regarding: “Where to put the game?”.”

### The best cooling system for your game:

 **Extremely economical – highly efficient** due to the optimised cooling system – **approx. 10 % less energy consumption** (which today is more important than ever). The LU 4500 consumes only 0.6 kWh/24 hours of electricity and even the larger device models LU 7000 and LU 9000 Premium are only slightly higher.

 **Guarantee & Service:** For us this means a 2-year full warranty for all units. From experience, we know that Landig has an average lifespan of up to 20 years. Landig has a Europe-wide service network with **over 220 customer service centres**. Competent, reliable and on-site within 24 hours.

 **Unpack, plug in, done and** it's time to get started! Landig game fridges are conveniently delivered. On lift-ramp trucks and with telephone notifications. Your unit can be set up in virtually any location: Game chamber, garage, cellar, shed etc., but the cabinet should be protected from wind & weather.

 **Precise temperature control** from **-5 to +15 °C**. Supports the aging process and is also ideal for freezing sausage meat. Low temperature fluctuations, so a long aging and storage time is possible. Can be used at low ambient temperatures.

 **Fast cooling times** are essential for wild boar. High-quality, tender game without shock-cooling, with **35% more cooling performance** (compared to the 1st and 2nd generation). The empty unit reaches the desired temperature within minutes. The benefits speak for themselves!

 **Sustainably supports the** aging process, guarantees optimum air humidity, and prevents the drying of the surface of the game. Constant air flow and fast cooling, even when fully stocked. Can be used for shorter and longer periods.

# LU 4500®

## Professional game fridge

The **LU 4500** is the ideal model for **2 roe deer or 1 wild boar of up to 85 kg**. With its around 435 litres of usable capacity and the magnificent interior height of 1695 mm, even larger pieces can be hung stretched out. Equipped with the LWS-Tronic and the turbo system, the device

reaches the desired temperature within a few minutes, even though it is the most economical model in the entire series. **New:** External housing in ice silver.

### ★ FEATURES & ACCESSORIES

- Device of the 7th Generation, with turbo system & powerful 600 W cooling capacity
- With LaPlus convection cooling
- Electronic LWS-Tronic control
- Temperature range -5 to 15°C
- **Energy consumption: only 0.6 kWh / 24 hours**
- Fully automatic condensate evaporation
- Including: Flex game hanger (stainless steel) with 1 rail up to 150 kg
- Evaporator protection for better cleaning without corners where dirt can accumulate and protection of the technology
- Optional: Attachable tubular track with a length of 800 mm (Product no. SA3046)
- Nominal voltage 230 V / weight: 85 kg
- Lockable door
- See pages 10-13 for additional accessories

① Stainless steel drip tray included ② Optional: Slide-in shelves for practical subdivision ③ Flex game hangers as standard

### 📦 DIMENSIONS (H x W x D)

External: **1920 x 600 x 670 mm**  
Internal: **1695 x 505 x 490 mm**

**LANDIG  
SPECIAL CLEANER**

# LU 7000®

## Professional game fridge

The **LU 7000** offers plenty of space for up to **4 roe deer or 2 wild boar, each weighing up to 65 kg**. The standard equipment features: Metallic silver outside and inside, cleaning drain (with thread for hose connection), stainless steel adjustable feet and the flexible game hanger with 2 rails

for a load capacity of up to 200 kg. Antibacterial coating as standard to kill off germs and bacteria upon contact. The popular **Wilde Kiste (game tray)** from Landig fits into the device from this size upwards (see pages 12 and 23).

### ★ FEATURES & ACCESSORIES

- Device of the 7th Generation, with turbo system & powerful 740 W cooling capacity
- With LaPlus convection cooling
- Electronic LWS-Tronic control
- Temperature range: -5 to +15 °C (also ideal for freezing sausage meat)
- **Energy consumption: only 1.1 kWh / 24 hours**
- Fully automatic condensate evaporation
- Including: Flex game hanger (stainless steel) with 2 rails up to 200 kg
- Optional: Tubular track system with additional central track and 800 mm outer track (Product no. SA3075)
- Optional: 4 sturdy swivel castors (Product no. SR1010)
- Nominal voltage 230 V / weight: 85 kg
- **Antibacterial inner container with silver ions**
- See pages 10-13 for additional accessories

① Stainless steel drip tray including ② cleaning drain with hose connection (below) ③ Flex wild hanger as standard

### 📦 DIMENSIONS (H x W x D)

External: **1820 x 770 x 750 mm**  
Internal: **1520 x 660 x 580 mm**  
Without adjustable feet: **Height outside 1735 mm**

# LU 9000® PREMIUM

Professional game fridge

The premium model in game cooling. With fully hygienic silver inner container without corners where dirt can accumulate: No more long cleaning. The **LU 9000 Premium** is particularly popular for large numbers of wild boar. It offers plenty of space for up to **4 roe deer or 2**

**wild boar, each weighing up to 75 kg.g.** Stainless steel adjustable feet and cleaning drain on the floor (with thread for hose connection) as standard. Practical: All-around drip nose for liquids.

## ★ FEATURES & ACCESSORIES

- Device of the 7th Generation, with turbo system & powerful 740 W cooling capacity
- With LaPlus convection cooling
- Electronic LWS-Tronic control
- Temperature range: -5 to +15 °C (also ideal for freezing sausage meat)
- **Energy consumption: only 1.2 kWh / 24 hours.**
- Fully automatic condensate evaporation
- Including: Flex game hanger (stainless steel) with 2 rails up to 200 kg
- Optional: Tubular track system (see figure) with additional central track + 800 mm outer track (Product no. SA3095)
- Optional: 4 sturdy swivel castors (Product no. SR1010)
- Nominal voltage 230 V / weight: 98 kg
- **Antibacterial inner container with silver ions**
- See pages 10-13 for additional accessories

# LT 7500

Professional upright freezer

With the high-performance LT 7500, **larger quantities of venison** up to approx. 135 kg can be frozen without any problems. The professional device with a gross capacity of around 485 litres has a LaPlus circulation system, which was specially developed for deep-freezing.

The great advantage for you: **Never defrost again!**

Equipped as standard with four slide-in shelves, a floor grate and four Wilde Kiste (game boxes).

## ★ FEATURES & ACCESSORIES

- Turbo system for rapid freezing of goods
- **NoFrost system (no defrosting required)**
- LaPlus circulation system for deep freezing
- Electronic LWS-Tronic control
- Temperature range -14 to -28°C
- External housing ice silver and inside silver-grey
- For this power and size, the unit is very economical!
- **Energy consumption: only approx. 430 kWh/a** (measured according to household standard)
- Energy efficiency class C / Climate class 5
- Including: 4 slide-in shelves (load capacity 30 kg each), 1 floor grate and 4 Wilde Kiste (game boxes)
- Nominal voltage 230 V / weight: 100 kg
- Optical and acoustic alarm signal

① Floor grate included ② 4 x slide-in shelves included ③ 4 x Wilde Kiste (game tray) included

## 📦 DIMENSIONS (H x W x D)

External: **1870 x 770 x 780 mm**  
Gross/net contents: **485 l / 325 l**  
Without adjustable feet: **Height outside 1720 mm**

Product no.  
**LT7550**

+ Free sliding shelves and 4 game trays

# LU 10000® PREMIUM

Professional game fridge

With an interior height of 1930 mm and a usable capacity of **approx. 1250 litres**, the **LU 10000Premium** is a real giant among game fridges and is perfectly equipped for all eventualities. Space problems are a thing of the past. The high-quality stainless steel design in the interior

and exterior is also particularly noteworthy. With a full 700 W LaPlus circulating air cooling system, it is able to reach the desired temperature within a very short time (approx. 20 minutes) when the interior is empty.

## ★ FEATURES & ACCESSORIES

- Turbo system as standard & powerful 700 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control
- Temperature range: 0 to +15 °C
- **Energy consumption: only 1.6 kWh / 24 hours.**
- Fully automatic condensate evaporation
- Cleaning drain on the floor with hose connection
- Surface inside & outside: Stainless steel rust-proof
- Nominal voltage 230 V / weight: 171 kg
- Including lock and high adjustable feet
- Outstanding insulation values thanks to high foam density
- **Fits through any door: can be dismantled as standard**

## ⚙️ MORE OPTIONS

- 1) Stainless steel drip tray** (Product no. SW1010)
- 2) Cooling unit side wall left or right**  
(left: Product no. SG10000PL; right: Product no. SG10000PR)
- 3) Device with lateral grate supports**  
(Product no. SG10000PA) Special version has side supports embossed on the inside, which makes it very easy to clean like the standard device. Including 3 slide-in shelves. Device cannot be dismantled.

## 📏 DIMENSIONS (H x W x D)

External: **2400 x 900 x 900 mm**  
Internal: **1930 x 800 x 800 mm**  
Side-mounted chiller unit: **Height 2100 mm**

- ⊕ **Free stainless steel tubular track system.**  
Inside approx. 2 x 750 mm length, outside length: 1000 mm with a chain for ceiling mounting. Load capacity up to 250 kg / metre.

Product no.  
**SG10000P**

Fig. shows LU 10000 Premium with top-mounted chiller unit, drip tray and winch, which are subject to a surcharge.

# LU 11000® PREMIUM

Professional game fridge

The **LU 11000Premium** is a space miracle with an interior height of 2320 mm and leaves nothing to be desired. The biggest among game fridges. Even large pieces are easy to bring in and easy to handle thanks to the tubular rail system included in the scope of delivery. The high-quality

stainless steel interior and exterior of this model is particularly noteworthy. Thanks to the powerful 700 W LaPlus convection cooling, the desired temperature is reached in no time at all.

## ★ FEATURES & ACCESSORIES

- Turbo system as standard & powerful 700 W cooling capacity
- LaPlus convection cooling
- Electronic LWS-Tronic control
- Temperature range: 0 to +15 °C
- **Energy consumption: only 2.6 kWh / 24 hours.**
- Fully automatic condensate evaporation
- Cleaning drain on the floor with hose connection
- Surface inside & outside: Stainless steel rust-proof
- Nominal voltage 230 V / weight: 184 kg
- Including lock and high adjustable feet
- Outstanding insulation values thanks to high foam density
- **Fits through any door: disassembled for delivery**

## ⚙️ MORE OPTIONS

HANGING SYSTEMS

Hooks & wall brackets

A STAINLESS STEEL S HOOK

Quality S hook. Made of stainless steel. Available in many different sizes and weight classes.

Product no.	Size / width* in mm	Load capacity
Z44042	140 x 5 / 36	45 kg
Z44043	160 x 6 / 41	60 kg
Z44045	180 x 7 / 45	90 kg
Z44044	160 x 8 / 48	100 kg
Z44046	200 x 9 / 52	125 kg

B STAINLESS STEEL SWIVEL HOOK

Quality swivel hook Made of stainless steel. Sturdy design with a swivel joint in the middle, ideal for game cooling.

Product no.	Size / width* in mm	Load capacity
Z44054	160 x 8 / 40	100 kg
Z44055	180 x 8 / 48	100 kg
Z44050	220 x 9 / 50	125 kg
Z44051	260 x 10 / 57	150 kg
Z44052	300 x 12 / 62	200 kg

C STAINLESS STEEL S HOOK WITH RING

Ideal for simply pulling up with the winch, without the time-consuming rehanging that is otherwise necessary.

Product no.	Size / width* in mm	Load capacity
Z44049	160 x 8 / 48	100 kg

F WALL BRACKET

High quality and practical at the same time. Made from anodised aluminium (Load capacity up to 200 kg/m). The set includes wall bracket, rail and sliding hooks. Fastening material included, for mounting on a concrete wall.

Product no.	Width	Sliding hooks
E44050	1000 mm	4
E44051	1200 mm	5
E44052	1400 mm	6
E44053	1600 mm	7

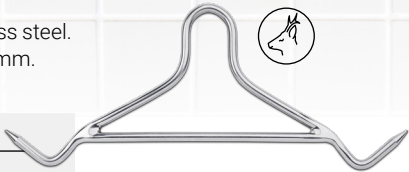

HANGING SYSTEMS

Hanger & spreader

STAINLESS STEEL HANGER SMALL

Version made of stainless steel. Dimensions: 350 x 250 mm. Up to 120 kg.

Product no.  
Z44059

STAINLESS STEEL HANGER LARGE

Version made of stainless steel. Dimensions: 610 x 250 mm. With stainless steel ring for ceiling mounting or for hooking into the winch (page 12-13). Capacity up to 250 kg.

Product no.  
Z44060

PREMIUM GAME HANGER

The ultimate Landig premium hanger made of stainless steel for efficient butchering of game. The legs of the game can be spread between 14 and 75 cm, the safety device prevents the hook from slipping. Various round openings allow the attachment of scales, additional hooks and a stable hanging of the hanger. Maximum load 300 kg.

Product no.  
Z44063

COMPACT GAME SPREADER

Landig all-round spreader in 2 compact formats made of stainless steel. With a length of 20 cm or 25 cm, it is primarily suitable for spreading the breast core of hoofed game. With integrated bottle opener\*.

Product no.	Version
Z66147	20 cm for roe deer
Z66145	25 cm for wild boar

MEAT HOOKS

Product no.  
Z44015

High-quality meat and pulling hook with a stable design with an ergonomic handle. Ideal for working in the butcher room to move pieces of meat back and forth.

GAME SPREADING CLAW

For spreading the core of the breast or the forelegs of hoofed game. The fixing takes place as with a screw clamp by clamping friction. Material: Stainless steel.

Product no.	Version
Z66140	20 cm for roe deer
Z66142	35 cm for fallow deer
Z66141	50 cm for wild boar

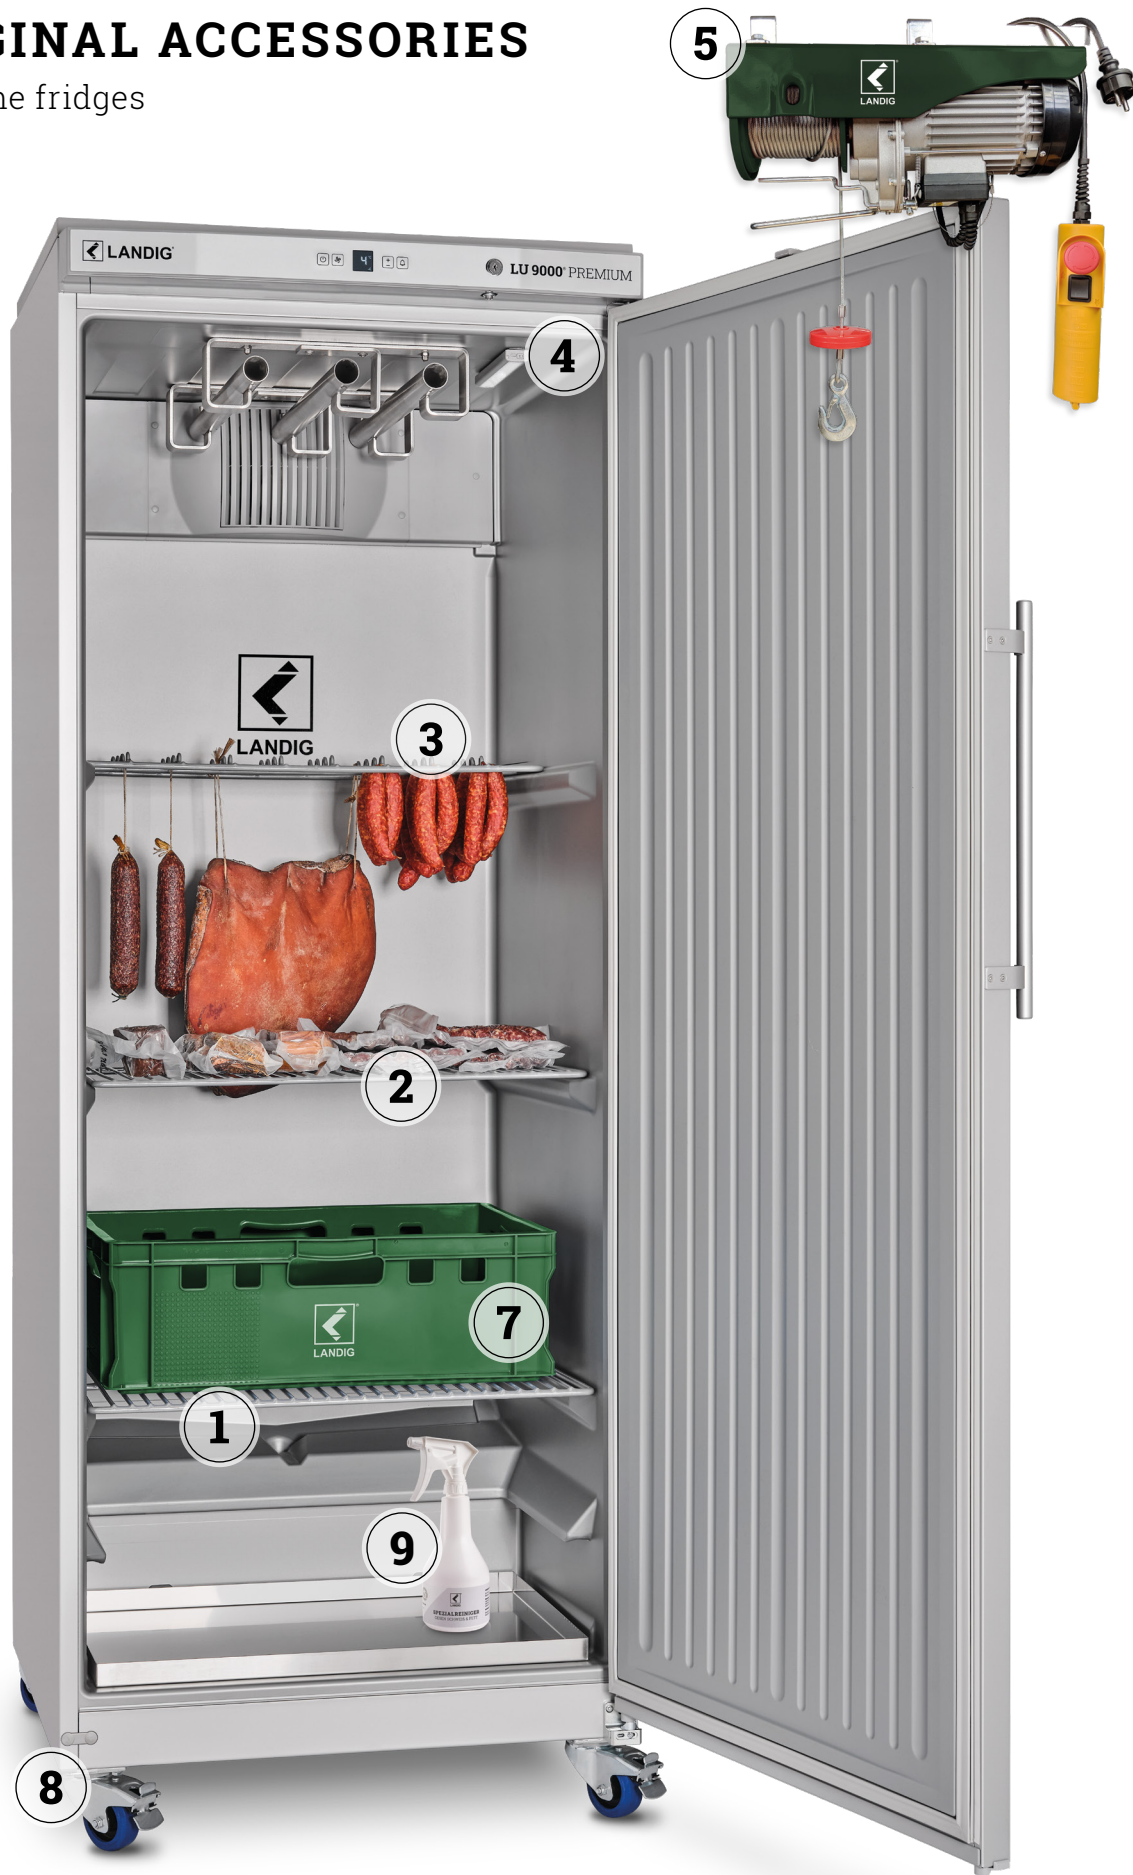

Tip: Using a game spreader improves air circulation in the chest and abdomen area.

ORIGINAL ACCESSORIES

For game fridges

1 FULL SLIDE-IN SHELVES

For storing meat, drinks and more. Can be slid in at variable heights on the supports in the unit. Load capacity 40 kg each.

Model	Product no.
LU 4500	SR2046
LU 7000	SR2070
LU 9000*	SR2099

2 HALF SLIDE-IN SHELVES

Cool hanging game and lying goods at the same time.

Model	Product no.
LU 4500	SH2046
LU 7000	SH2070
LU 9000**	SH2099

3 SHELVES FOR SAUSAGES & HAM

2-in-1 rotatable shelf: Sausage and ham loops as well as sausage pairs can be hung up directly by simply rotating the shelf.

Model	Product no.
LU 4500	RS2046
LU 7000	RS2070
LU 9000**	RS2099

4 GAME FRIDGE LIGHTING

Innovative LED lighting with motion detector for self-assembly. Included in delivery: 1 bulb (sufficient for 1 fridge), charging cable, mounting kit and rechargeable battery.

Can be assembled without tools. Ideal for upgrading existing units!

Product no.  
**Z33165**

5 ELECTRIC WINCH

Load capacity up to 200 kg. Dimensions (L x W x H) 390 x 130 x 200 mm. For ceiling or wall mounting. Including pulley. Voltage 230 V. Colour: green.

Product no.  
**ZE4420**

Image shows LU 9000 Premium with central and outer track.

6 FLEX TUBULAR TRACK SYSTEM

Particularly flexible hanging options with up to 3 inner tracks per device (for LU 7000 and LU 9000 Premium). Perfect for heavy game thanks to an 800 mm attachable outer track that fits any of the 3 inner rails. Legally protected system.

Model	Product no.	Description
LU 4500	SA3046	1 outer track, 800 mm
LU 7000	SA3075	1 outer track, 800 mm + 1 inner rail in the middle
LU 9000	SA3095	1 outer track, 800 mm + 1 inner rail in the middle

7 WILDE KISTE® IN GREEN OR BLUE

Stackable container made from food-safe polyethylene. Ideal for LU 7000 and larger. Dimensions (L x W x H): 598 x 398.5 x 201 mm, 40 litre capacity. **For accessories for the Wilde Kiste (game tray), see page 23.**

Blue - Product no.  
**Z33161**

Green - Product no.

- ② Game hangers

## AGING GAME IN THE DRY AGER®

Dry aged game at the push of a button

As a hunter you have the best meat in the world. But now your game can reach a new, **unbelievable level of taste** after hanging in the game refrigerator. Regardless of whether it's roe deer, black deer, fallow deer, red deer or feathered game – with the preparation programmes of the DRY AGER® aging cabinet, the saddle of venison or your T-bone steak from wild boar becomes a superb, tender and juicy delicacy!

Thanks to the unique SmartAging® technology, including safe sterilisation, you can refine your hunted game to professional Dry Aged venison – it becomes more tender, juicier and more full of flavour. At the touch of a button you can produce fallow deer pepper bites, deer salami or venison jerky. Even premium ham from wild boar without smoking: The DRY AGER® aging cabinet does everything automatically, from hanging after curing through to eight-week aging.

**Jannick Böhnke**  
Hunter and hunting blogger “Freunde der Jagd”  
“*Dry Aged is the zenith of game pleasure.*”

### Start now with the preparation of your game:

So that you can start quickly and easily, there are many different types of practical DRY AGER® spice mixtures for ham and sausage. The spices are made by hand from selected and high-quality ingredients.

**Good to know:** With the DRY AGER® aging cabinet you can also age, dry or refine beef, pork, lamb and poultry, as well as fish, cheese, herbs, pasta and much more.

**Recommended reading:** The award-winning masterpiece “The Dry Aging Bible” impressively presents everything worth knowing about dry aging on more than 336 pages. Also included: Step-by-step instructions and a huge selection of aging recipes (see page 17).

## DRY AGER® - THE AGING CABINET

Game processing at the highest level

**DX 500 Premium S** and **DX 1000 Premium S**, two aging cabinets that set standards. Contemporary, modern design on the outside, high-precision, sophisticated technology on the inside. Craft meets high-tech.

Both models are perfect for aging game, ham and salami at home. The standard sterilisation unit ensures a perfect aging climate. Dry aging has never been so easy and safe.

## BUTCHERING

### How to butcher game correctly

The carcass should be cared for properly after hunting. A clean shot, gutting, dressing and rinsing with drinking water are all necessary to allow the meat to age and cool perfectly.

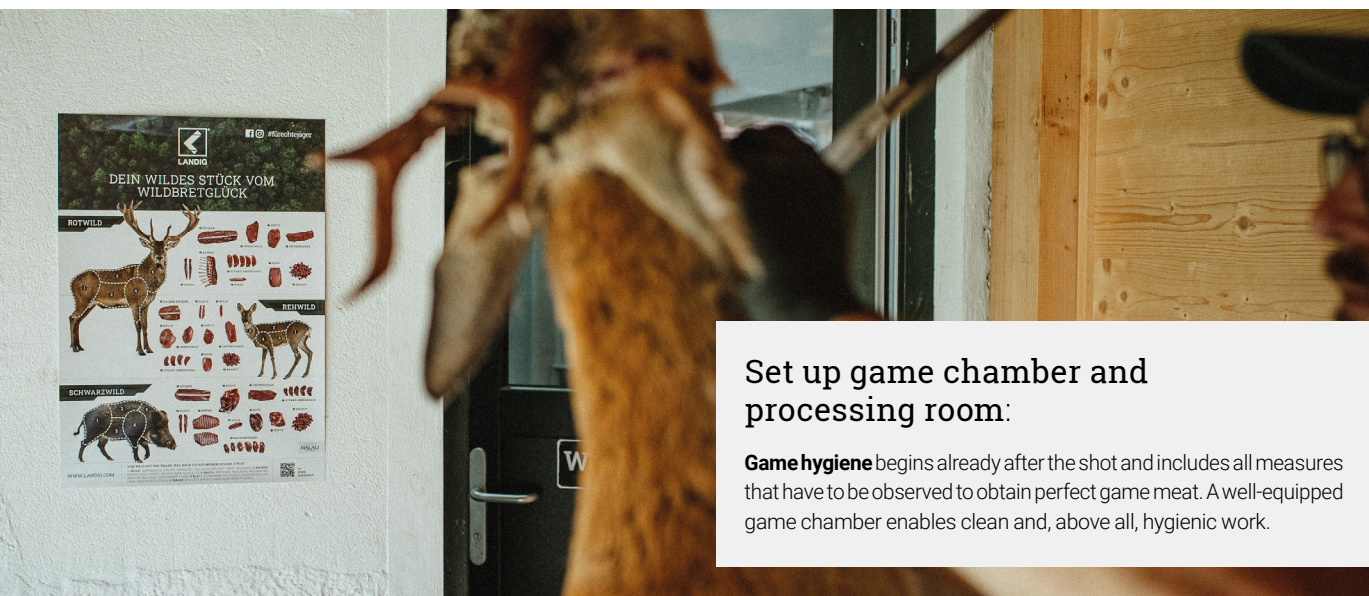

Special tools make butchery much easier. A stainless steel work table, a good apron and cleaning utensils are needed to butcher the game carcass hygienically. Appropriate and well-sharpened knives are a must and a bone saw, cutting shears, butt out tool and other equipment can also be useful.

### Gerold & Paul Reilmann

Hunter and hunting blogger “Hunter Brothers”

*“With every piece that we butcher and pack, we notice that **Landig products have been developed by** people who know what they are doing. Whether the vacuum sealer, knife or the cool labels - we wouldn’t want to do without Landig!”*

### Set up game chamber and processing room:

**Game hygiene** begins already after the shot and includes all measures that have to be observed to obtain perfect game meat. A well-equipped game chamber enables clean and, above all, hygienic work.

## BUTCHERING

Gloves, poster & sign

### CUT-RESISTANT GLOVE

For meat processing. 100 % reliable protection against cuts thanks to the stainless steel core that is woven into the Kevlar fabric of the gloves. Washable up to 100 °C, suitable for right-handed and left-handed wearers. Scope of delivery includes 1 glove.

## Preparing game – but properly

Game can be so varied! Game is the result and true reward of hunting. It is not only sustainable, but also extremely healthy and undeniably good. Game cuisine should by no means be limited to steaks and roasts. Make more out of your game and discover together with Landig the diverse preparation possibilities so that your hunting experience does not end with the shot, rather it ends up being a highlight on your plate.

**Jannik Hennefarth**  
Hunter and Game Ambassador

*“Mincing game with the **W 100** is just the beginning of many of my own game creations for my home kitchen.”*

## From the forest to the plate:

**Minced game meat** is for true gourmets and is versatile. Whether game-based sausages, spaghetti Bolognese, game meatballs or burgers - there are virtually no limits when it comes to cooking game. In addition to its versatility, game has another key advantage: An excellent way to process seldom used cuts of game or those less popular with customers such as rack or shoulder. Always mince a little belly fat with wild boar or pig for juicier results.

**Scan QR codes:** In our videos, we show you how you can make sausages and burgers in no time at all.

Mincer & merchandise

W 50

THE LANDIG MINCERS HAVE GOT AN ADDITION TO THE FAMILY!

A compact and powerful mincer has emerged from decades of experience and constant further development. The W 50 now offers **premium quality for beginners**.

Equipped with a double ball-bearing gear for smooth rotation when mincing and permanent air cooling for regular use. This new mincer

impressively shows what it is made of and how easy it is to use.

All components that come into contact with food can be **easily dismantled and cleaned after work**. Incidentally, its high-quality aluminium housing and modern design are now also available in the three trendy colours hunting green, edelweiss and anthracite.

Hunting green - Product no.  
**FL0052**

Edelweiss white - Product no.  
**FL0051**

Anthracite - Product no.  
**FL0050**

HUNTING CAP

Practical, lightweight hunting cap in signal colour for hunting in groups or stalking. Infinitely width-adjustable thanks to metal clip and therefore suitable for almost any head shape. With practical break holder.

Product no.  
**WZ0008**

PROCESSING

Sausage filler & cutter

SAUSAGE FILLER 3 L, 5 L & 7 L

**Made entirely of stainless steel**, with metal gears and pistons with vent valve. Standing professional version, for easy and quick sausage making. All parts particularly durable. Practical: Suitable for both right and left-handed use.

**Including:** 5 x stainless steel sausage filling funnels 10, 16, 22, 32 and 38 mm

Product no.	Version
<b>Z77026</b>	3.0 litres
<b>Z77027</b>	5.0 litres
<b>Z77035</b>	7.0 litres

CUTTER 3 L

Chopping, mixing and homogenising vegetables, herbs, meat and cheese to any desired degree of fineness. Perfect cut thanks to high rotation speed (730 rpm) and 2 sickle blades (CNS 18/10 blades). Bowl made of stainless steel, dimensions (W x D x H): 400 x 320 x 330 mm.

Product no.  
**Z66152**

TABLE-TOP SAUSAGE FILLER 1.2 L

Small sausage filler with a sturdy clamp for attaching to a worktop, ideal for making small batches of sausage. Design made of high-quality stainless steel and aluminium, including wooden handle. Easy to clean as it can be completely dismantled.

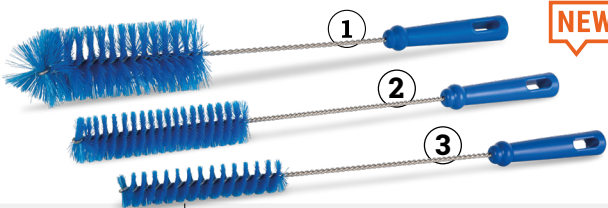

Product no.  
**Z77023**

**Including:** 4 x Plastic sausage filling funnels 15, 20, 22, 25 mm

CLEANING BRUSHES

These high-quality brushes are ideal for cleaning sausage fillers and mincers. In the set, the brushes can be used universally.

Product no.	Version
<b>Z33132</b>	Single brush for mincers ①
<b>Z33131</b>	Set of 2 for sausage fillers ② ③
<b>Z33134</b>	Set of 3 of all brushes ① ② ③

CUTTER 5 L & 8 L

Cutter for chopping, mixing and homogenising meat, vegetables, herbs and cheese. Two sickle blades (blades CNS 18/10) with optimum rotation speed (speed 1400 rpm) for a perfect cut. Housing with rounded edges for easy cleaning. Dimensions (W x D): 240 x 310 mm.

Product no.	Version	Height & weight
<b>Z60151</b>	5.0 litres	545 mm   18.8 kg
<b>Z60154</b>	8.0 litres	595 mm   19 kg

PROCESSING

Seasoning for sausage and ham

SPICE MIXTURES FOR GAME

Spices like it dry, cool and protected from light and air. With our new, elegant, black metal spice jars, our spice mixtures for venison are optimally protected. They are easy to stack and fit in any drawer.

Landig spice mixtures are of the best quality and are handcrafted in southern Germany. With appropriate storage, the high-quality ingredients can be kept for up to 2 years. Making sausages yourself can be so easy.

GAME BRATWURST  
MADE YOURSELF!

SPICE BOX FOR THE GAME CHAMBER

Food-safe plastic box for storing spices, salts or food. Thanks to the semi-transparent material, the fill level of the contents can be easily seen. Available in various sizes.

Product no.	Version
Z01027	500 ml
Z01028	1000 ml
Z01029	2000 ml

NEW

CURING SALT

Best quality for making ham and sausage. Its use ensures the palatability of meat products and allows the colour to be retained during the preservation process.

Product no.	Quantity
Z01025	500g
Z01026	1000 g

PROCESSING

Accessories for sausage and ham

ARTIFICIAL SKINS FOR SAUSAGE FILLERS

Artificial sausage skin is suitable for making raw sausages (air-dried or smoked). Water vapour and smoke can easily pass through. The skins are tied on one side. Length per section: 25 cm or 40 cm.

Product no.	Version	Ø calibre
Z01030	Artificial sausage skin	43/25
Z01038	Artificial sausage skin	43/40
Z01031	Artificial sausage skin	50/25
Z01039	Artificial sausage skin	50/40
Z01032	Artificial sausage skin	55/25
Z01037	Artificial sausage skin	55/40

TWINE FOR SAUSAGE AND HAM

Tear-resistant, food-safe sausage twine made from ecological natural fibre for rolling, dressing and binding food and hanging up ham.

**Tip:** Differentiation of different types of sausage and ham by the twine colour.

Product no.	Colour
Z01040	natural
Z01041	red
Z01042	red/white
Z01043	bule/white

LARDING NEEDLE

Ideal for threading sausage twine through the ham or larding game with bacon. Made of stainless steel, with an ergonomically shaped plastic handle and a 20 cm long needle.

Product no.

Z01047

NATURAL SKINS FOR SAUSAGE FILLERS

Dry, salted natural skins for the simple production of bratwurst, crack-ers, mettwurst and liver sausage. The casings are particularly easy to process and have a total length of 10 m.

Product no.	Version	Ø calibre
Z01023	Natural sausage skin (sheep) for mini-salami	16/18
Z01020	Natural sausage skin (sheep) for Game bratwurst	24/26
Z01021	Natural sausage skin (pig) for liver sausage	40+

STERILE SKINS FOR SAUSAGE FILLERS

These polyamide casings are suitable for the production of scalded and boiled sausage. The casings are tied on one side, length of each section 20 cm, packaging unit 25 pieces, calibre 43.

Product no.

Z01035

SAUSAGE PRICKER

With 3 spikes made of stainless steel. Allows air to escape from the sausages.

Product no.

Z33193	17 litres: 52 x 36 x 16 cm

# VACUUM PACKING & SOUS-VIDE

Professional vacuum sealers

Hygiene and efficiency is crucial when it comes to portioning and storing game. That is why a Lava vacuum sealer belongs in every game chamber as a reliable and powerful partner.

**Multi award-winning:** Leading German hunting magazines\* (JÄGER, Wild & Hund, PIRSCH, Deutsche Jagdzeitung etc.) confirm the high quality of Lava with excellent ratings.

Added safety: The stable 2-fold or 3-fold seal guarantees maximum safety without air pockets and 100% tight seal, even if the goods have a slightly higher liquid content.

**Vacuum without compromise!**

**Alexander Ahrenhold**  
Forester & hunting blogger

“My **Sous Vide Stick LX.20** is for me a “magic wand” with which even the greatest layman is able to inspire a gourmet.”

## Sous-vide:

Tender game, crunchy vegetables and juicy fish. **Sous-vide cooking** enables incredible taste experiences while preserving the full range of flavours and aromas! In this process, food is first packed in an airtight vacuum bag and then cooked at a constant temperature in a water bath.

ALEXANDER AHRENHOLD SHOWS US HOW SOUS-VIDE WORKS!

EASY TO USE

**lava close lcs** Thanks to the patented LCS locking system, the vacuum hatch no longer needs to be held or locked in place during creation of the vacuum.

THE ORIGINAL FROM BADEN-WÜRTTEMBERG

As a family business from southern Germany, sustainable device production is our top priority. **No Far East production** as with almost 90% of all competitors.

LONG-LASTING & HIGHEST QUALITY

Up to **5 years guarantee** on the vacuum sealer and **25 years guarantee on the vacuum pump**. As a manufacturer, Lava stands behind its own product 100%.

HIGH VACUUM

**ltp lava turbo** Reliability in daily use with the powerful, double ball-bearing piston pumps developed by Lava, which are particularly quiet and powerful.

TESTED SEVERAL TIMES

No brand in the field of professional vacuum sealers has been rated **“very good”** as often as Lava in the past 10 years. We are very proud of that!

LAVA TURBO PUMP SYSTEM (LTP)

Strong performance and that permanently - with a maximum possible vacuum of up to -0.97 bar (for V.500). **Lava relies on long-lasting quality.**
